Best of all—whatever don't suit after you buy—you can return and get your money. Fair and square—isn't it?

—and a capital "move" it was—but both for us and for YOU. We are thus relieved from paying an EXCESSIVE RENT—consequently you can now buy "Burt" Shoes at a DOLLAR LESS per pair, on an average, than we could afford to sell them when we were under such heavy expense.

WE are pleased to note that more people are shopping in the mornings. The afternoons are so crowded this week that many of our customers have had to wait, much to our regret.

OUR new leather shoes are so well made that we could afford to sell for a dollar more before we moved.
